SUN CREAM

Leganza

Sun Protection body spray for kids | SPF 50+ 200ml

Description

A must-have sun protection for the outdoor adventures of kids is here. Introducing our brand new product, Sun Protection Body Spray for kids. With an SPF of 50, it is specially formulated for the soft and delicate skin of children. You can also use our other specialized product called **Leganza – Sun Protection Face Cream**, designed to offer superior sun protection for your skin.

- **UV ray protection:** This easy-to-apply sun protection body spray provides broad protection against harmful rays like UVA or UVB.
- **Whole-day protection:** A non-greasy formula of this spray ensures sun defence throughout the day.

Ingredients

- **Lycomega:** This natural ingredient acts as a strong oxidant and protective agent in a sun cream. It enhances the UV ray protection activity in the cells.
- **Lycopene:** It is a natural antioxidant that is designed for the protection of UV rays and an essential carotenoid for scavenging **Reactive Oxygen Species (ROS)**.
- **Omega-3-6:** This natural antioxidant creates resistance against allergy, pigmentation and skin wrinkles.

How to use

- Take the sun cream and apply it to the exposed surface of your skin.
- Rub it in gently over the skin surface for a better result.

Minimum order 6 of each.

SUN CREAM

Leganza

Sun Protection Body Spray | SPF 30 200ml

Description

The sun protection spray shields skin from UVA and UVB rays' harmful effects thanks to its potent anti-ageing and dermoprotective qualities.

- The patented Lyco-Mega ingredient, which is high in lycopene and the amino acids Omega-3 and Omega-6, enhances the formula.
- Activating the skin's natural defence mechanisms, it also possesses potent antioxidant properties.
- It guards against pigmentation, sun allergy, and wrinkle development (ageing-related wrinkles).

You can also use our other product called **Leganza – After Sun Tonic With Golden Particles**, perfect for a radiant, sun-kissed glow.

Ingredients

- **Lycomega:** This natural ingredient acts as a strong oxidant and protective agent in a sun cream. It enhances the UV ray protection activity in the cells.
- **Lycopene:** It is a natural antioxidant that is designed for the protection of UV rays and an essential carotenoid for scavenging Reactive Oxygen Species (ROS).
- **Omega-3-6:** This natural antioxidant creates resistance against allergy, pigmentation and skin wrinkles.

How to use

- Half an hour before going out in the sun, liberally apply products all over the body.
- After perspiring or swimming, reapply the product to guarantee continuous and durable protection.

Minimum order 6 of each.
